►SPIRIT! Praise & Worship Service

Wednesdays at 7:11 PM

All God's Children Metropolitan Community Church

SPIRIT
Praise & Worship Service

old favorites that have been re-vamped with a contemporary rhythm and style.

The service is led by a band and praise team. The words to the songs are projected on a large screen so that one doesn't have to be concerned with printed bulletins, hymn books, or other documents. You can simply allow yourself to soar in God's Spirit as the rhythm of the music caresses and moves you. If you like worship loud, energetic, up-beat, with lots of clapping, then Wednesday night Spirit worship is for you.

Dress is usually casual. Most come in slacks, jeans, and comfortable shirts. Worship lasts until 8 PM.

►Sermon Transcripts

Here you can find an archive of all the sermons from past Wednesday night worship services for the years:

►2005

►2004

►2003

Note that the new SPIRIT! Praise & Worship services after April 2005 do not include sermons.

[PP1a] A couple had been debating what kind of new vehicle they would buy. The husband wanted a new truck. The wife preferred a fast little sports car. The argument continued for weeks. Finally the wife said, "Look, I want something that goes from 0 to 200 in 4 seconds or less. My birthday is coming up. You could surprise me."

So for her birthday, her husband bought her a brand new beautiful bathroom scale.

Services will be at Downing funeral home on Monday the 12th, due to the condition of the body, this will be a closed casket service. Please send your donations to the "Think before you do things foundation."

Some of us have difficulty following directions not only in our relationships, but also our travel and our lives. We all know that if you're lost on a road trip, whether or not you stop to ask for directions may depend on the gender of the driver.

[PP1b] And if you didn't check MapQuest before you left home, and if you don't have OnStar or some other GPS system in your car, and if your console doesn't look like the flight deck of the Starship Enterprise, then you might have to rely on the quaint, old fashioned map.
